CAREER SUMMARY

Results-driven .NET Developer with 5+ years of experience in developing webapplications, backend services, and data migration solutions. Strong expertise in ASP.NET Core, C#, SQL, REST APIs, and front-end frameworks like React.js. Proven track record of delivering high-quality solutions aligned with business goals. Seeking to leverage technical expertise and problem-solving skills for a challenging .NET Developer role in a fast-paced environment.

CORE SKILLS

- Backend: ASP.NET Core, ASP.NET MVC, C#, REST APIs, Entity Framework
- Database: MS SQL Server (Performance Tuning, Stored Procedures, Data Migration)
- Frontend: React.js
- DevOps & Tools: Azure DevOps, GitHub, Visual Studio, VS Code
- Other: Agile Methodologies, Code Optimization

PROFESSIONAL EXPERIENCE

Software Engineer I | Mitratesh India LLP, Hyderabad | Sep 2022 – Present

- Developed backend jobs in .NETCore for GovNoticeIDP feature in Immigration product INSZoom, resulting in faster and more reliable receipt processing.
- Designed and implemented new features using React.js and .NETCore, improving system efficiency and user experience.
- Owned and successfully delivered a critical API upgrade, ensuring seamless integration, backward compatibility, and improved reliability.
- Led key data migration projects, ensuring accuracy and consistency through optimized SQL scripts and backend logic.
- Worked on application security enhancements by addressing vulnerabilities such as XSS (Cross-Site Scripting) and CSRF (Cross-Site Request Forgery). Developed custom filter-level security attributes to validate and secure incoming requests against potential threats.
- Collaborated with cross-functional teams to align development with business requirements and deliver customer-focused solutions.
- Contributed to code reviews, refactoring initiatives, and best practices to improve code quality and maintainability.

Tech Stack: ASP.NET Core, C#, SQL, Angular.js, Azure DevOps, GitHub

Information Technology Sr. Associate | NTT Data Services, Noida | Jan 2021 – Aug 2022

- Developed and enhanced features for the Admin Portal, improving stability and usability for end users.
- Contributed to the migration of a legacy ASP.NET WebForms application to ASP.NETCore MVC, enhancing maintainability and scalability.
- Supported backend optimization and security improvements, ensuring better application performance and compliance.
- Worked within Agile teams to deliver features on time while maintaining code quality and best practices.
- Participated in regular sprint planning, retrospectives, and documentation to ensure smooth collaboration across development cycles.

Tech Stack: ASP.NET MVC, ASP.NET Core, SQL, REST APIs, Azure DevOps

EDUCATION

Bachelor of Technology (CSE) – Galgotias University, Greater Noida, UP

Percentage: 82.1% | 2020
